Shrub and Tree Auction begins at 6:00 p.m.

List of Available Plants

Chadwick Arboretum offers over 650 varieties of uncommon plants and proven performers for Ohio climate and soils. The plants that Chadwick Arboretum is offering this year can be found on the following pages. Local vendors participate to provide an even broader range of plant material and garden related items. For a list of participants, see page 2.

We also have experts on hand to help with your selections and to provide advice. Plant Ambassadors, Horticulture Students, Faculty, Franklin County Master Gardeners, the Central Ohio Hosta Society, and many other industry experts will be on hand to help with your plant selections.

Our plant list represents our best estimate of expected stock. There are always last minute changes resulting in additions, substitutions, and deletions in the inventory. We hope that unexpected additions will compensate for plants we do not have for sale.

Thank you for supporting the students, gardens, programs, and operations of Chadwick Arboretum & Learning Gardens.

Checks, cash, VISA, MC, and AmEx accepted.
