There is an inherent numerical advantage in riding in two classes. Tests used for Classical Dressage are the USDF tests, which are updated every 4 years. Classical Dressage tests acceptable for our arena are: Training Level 1, Training Level 2, Training Level 3, First Level 1, and First Level 2. Tests used for Western Dressage are the WDAA tests, which remain in effect for at least 4 years. Western Dressage tests acceptable for our arena are: Basic Level 1, Basic Level 2, Basic Level 3, Basic Level 4, Level 1 Test 1, and Level 1 Test 2.
5. Riders must register for their classes in Fair Entry by June 1st (does not include tests). Riders will be contacted by the Dressage Committee through phone call or email and must indicate which tests they would like to ride, one test per class entered. Riders must respond with which tests they choose to enter by July 1st. Riders are not to repeat the test from the previous class. The test for the second class must be at least one test higher than the test for the first class. Any accommodations needed for ride times must be requested to the Dressage Committee prior to the first day of Fair.
6. After achieving a score of 70% or higher, the horse must move up to the next test.
7. Ride times for the Dressage classes will be posted at the entry booth on Monday of Fair, by 5 pm. Times will also be posted on the Horse Council Facebook page. Once times are posted, they will *not* change. If a rider scratches, it will not affect the other riders' times. Scratches must be reported to the entry booth. If the rider immediately following a scratched time chooses to ride early, they may do so, but they will not be required to ride at the earlier time.
8. Riders are judged against the other riders in the same class even though the tests ridden may not be the same. Scoring is based on a percentage of points earned.
9. Dressage riders are strongly encouraged to assist with the Dressage ring setup on Thursday evening of Fair following the conclusion of the Gymkhana classes. Once the ring has been set up, Dressage riders are allowed to practice in the arena as long as a 4-H horse club advisor is

present at the arena. Once the arena is dragged, the practice time is concluded, and no rider may enter the ring until the onset of the Dressage show Friday morning. 10. A mandatory bit check will occur Friday at 8:30 am prior to the start of the show. Riders must bring their bridle(s) with bit(s) to the entry booth (horse does not need to be present). If a rider fails to have their bit checked by 9 am, they will not be allowed to show in the Dressage classes.

10. Riders may have a reader call their tests. The rider must provide material for the reader, show officials do not supply it. If a rider needs a reader, a show official may read but the rider must still provide the material for them.

15. **Versatility Class** (limit 20). In Medina County the following classes are proposed for **2023**.

**English Showmanship, English Pleasure, Western Horsemanship, and Barrels.**

2. Open to ages 14-18 who qualified and showed in the Championship Show.
3. An exhibitor in their last year of Jr. Fair, (18 years of age on January 1 of current year) will be allowed to enter Versatility Class if he/she meets the following requirements:
  - a. Has never shown in the Versatility Class.
  - b. During Fair Week has entered a minimum of 2 riding classes.
4. Each rider must show all 4 events using the same equine in each event. No changing clothes or tack outside the ring between classes. No motorized vehicles allowed in the Show Ring at any time. There will be a 5-minute break between each class for tack and clothing change, **in the ring only**. Failure to complete tack change/clothing change, will disqualify the exhibitor from the current Versatility Class. Failure to complete all 4 classes, unless excused by the Judge and recorded by the Show Steward, will disqualify the exhibitor from showing in Versatility the following year. Each entry will be permitted 2 grooms to help them during breaks. **If the equine, rider leaves the ring or chute area for any reason, you will be disqualified.** The original equipment contained in the wheelbarrow at the beginning of the class shall remain the same until the end of the class, no additions, deletions, or substitutions allowed. Water for equine and rider is permitted. The judge will place each class 1-10 (10 points for 1st, 9 points for 2nd, etc.). Points are totaled for all 4 classes to determine the winner.
5. The Versatility Class Winner will be the equine and rider accumulating the most points in the 4 events combined. Lower placings will similarly be determined. In the event of a tie in the number of points, the exhibitor with the highest score in Horsemanship will determine the winner.
6. **If you competed in Ranch Horsemanship during the week, you are permitted to show in the Horsemanship portion of Versatility if you qualified for the Versatility class.**

## OHIO LAWS & ADMINISTRATIVE RULES

LEGISLATIVE SERVICE COMMISSION

It is the responsibility of all livestock exhibitors to read and follow all LAWS in the Ohio Administrative code.

All the rules can be found at the website below.

<https://codes.ohio.gov/ohio-administrative-code/chapter-901-19>

It is the exhibitor's responsibility to know and follow these rules. The fair and extension office will do our best to keep you up to date on changes and updates through trainings like Quality Assurance. Not knowing these rules exist or that changes have been made is not an excuse for not following a rule listed on this website.
